

PSYCHOLOGY + NEUROSCIENCE

Focus Programs feature a rotating mix of on-campus work and field visits. Here's an example of what a typical day spent on-campus could look like.

8:15 BREAKFAST

9:00 MORNING MEETING

9:15 **PSYCHOLOGICAL APPROACHES:** BEHAVIORAL PSYCHOLOGY

10:00 **CASE STUDY:** ATHLETIC PERFORMANCE ANXIETY

11:00 **CLASSROOM LAB:** PSYCHOLOGICAL METHODOLOGY

12:30 LUNCH

1:30 **GUEST SPEAKER:** DR. CASEY JORDAN

Criminologist, attorney, and behavioral analyst
Dr. Casey Jordan shares insights from a dynamic career that centers around the psychology of crime.

3:00 **SITE VISIT:** CUSHING CENTER

Explore Yale's Cushing Center — an homage to founder of modern neurosurgery Harvey Cushing — and see firsthand the brain specimens that continue to offer clues to currently practicing researchers and surgeons.

4:30 AFTERNOON MEETING

6:00 DINNER

8:00 **MAIN EVENT:** COMEDY HYPNOTIST

Interactive presentation by hypnotist Tom DeLuca.
Audience participation encouraged!

PSYCHOLOGY + NEUROSCIENCE

Focus Programs feature a rotating mix of on-campus work and field visits. Here's an example of what a typical day in the field could look like.

7:00	DEPART YALE CAMPUS
9:30	SITE VISIT: BRAIN POWER EXPLO alum Dr. Ned Sahin welcomes students to his neurotech headquarters in Cambridge, Massachusetts where he and his team have developed the world's first smart-glass system for adults and children with autism.
12:00	LUNCH
1:00	TOUR: TONEGAWA LAB Visit the Tonegawa Lab at MIT where researchers are investigating the brain mechanisms that belie memory and learning.
3:00	SITE VISIT: INTERDISCIPLINARY AFFECTIVE SCIENCE Lab at Massachusetts General Hospital Learn how approaches in experiential, behavioral psychophysiological, and brain-imaging techniques are helping researchers unlock the science of human emotions and how they work.
5:00	RETURN TO YALE CAMPUS
6:00	DINNER
8:00	MAIN EVENT: PHUNK PHENOMENON Performance by the Phunk Phenomenon Urban Dance theater.
